直線練習

用線從上至下把相同的蔬菜連起來。

Trace the lines from up to down to match the same vegetables.

The image shows three identical rows of four vegetables each: a carrot, an eggplant, a tomato, and a corn cob. Below each vegetable is a small grey dot. A dashed vertical line is drawn on the left side of each row, starting from a dot above the carrot and ending at a dot below the carrot. This is intended for a tracing exercise to match the vegetables.
